

Bake whole potatoes in their skins without aluminium foil

Reuse foil for covering dishes in the oven

Soak burned pots and pans with vinegar and bicarb soda

Place aluminium cans in the recycling bin

Buy bars of soap for hand washing instead of buying hand wash in plastic bottles

Reuse plastic ice cream and yoghurt containers

Mend broken plastic toys with sticky tape or super glue

Place plastic drink bottles in the recycling bin

Buy large bottles of cooking oil rather than small ones

Use old jars for storing new items

Don't try to fix broken glass - broken glass should go in the general waste bin

Place glass bottles in the recycling bin

Make sure to use paper on both sides

Use paper that has been printed on one side for scrap

Repair broken books with sticky tape

Place old magazines in the recycling bin
