

# NATURE SONGS

All sung to the tune of 'Twinkle Twinkle Little Star':

## **Little Bug**

Jump jump little bug,  
Crawling along the big brown log,  
Are you looking for something to eat?  
What does a bug like for a treat?  
Jump jump little bug,  
Crawling along the big brown log.

## **Flying birds**

Bird bird in the sky,  
Flying low and flying high,  
What did you find up in the tree?  
Did you find something special for me?  
Bird bird in the sky,  
Flying low and flying high.

## **Big tree**

Tall tall tree you stand so tall,  
Please be careful you don't fall.  
How high do your branches grow?  
How deep do your deep roots go?  
Tall tall tree you stand so tall,  
Please be careful you don't fall.
