

Name: .....

# Plastic Pathways

The plastic type I am researching is: .....

An interesting thing about this type of plastic is... ..

.....  
.....

One item that is made from this plastic is: .....

In the box below, draw a diagram showing how this item is made, starting with the how this type of plastic is made. Include labels and notes explaining the steps where appropriate.

This item is made from this type of plastic because

.....  
.....  
.....  
.....

Eventually this item will break or reach the end of its lifespan. What happens to this item when it ...

...is put into landfill?

...is recycled?

How can this item be recycled in your local area?

---

---

Why is it important to sort different types of plastic when recycling?

---

---

What sources have you used for your information?

---
