

# Bee Tally - What colours are bees (and other insects) attracted to?

Date:

Time:

Weather:

| Flower colour | Plant name (if known) | Flower Scent | Number of bees | Number and type of other insects |
|---------------|-----------------------|--------------|----------------|----------------------------------|
|               |                       |              |                |                                  |
|               |                       |              |                |                                  |

| Flower colour | Plant name (if known) | Flower Scent | Number of bees | Number and type of other insects |
|---------------|-----------------------|--------------|----------------|----------------------------------|
|               |                       |              |                |                                  |
|               |                       |              |                |                                  |
|               |                       |              |                |                                  |
