LYRICS FOR GROW

I'm up and I'm ready to grow
Grow time hit me with the go sign
I'm up and ready to Grow, grow

Brother you paved the way
You had it now I want the same
Not scared right now gotta feel it
Believe it, go get it

Big lights bright eyes
City little different not on island time
Sissys we the dream,
don't stop hit throttle gotta lean

I'm up and I'm ready to grow
Grow time hit me with the go sign
I'm up and ready to Grow, grow

Stepping stepping stepping out
I've never been this far down south
What's it all about

I'm up and I'm ready to grow
Grow time hit me with the go sign
I'm up and ready to Grow, grow

I'm up and I'm ready to grow
Grow time hit me with the go sign
I'm up and ready to Grow, grow

Grow time
Go sign, yeah.

Tiwi language parts written & performed by Calista Kantilla, Jacinta Tipungwuti,
Ella Puruntatameri and Francis Orsto. Arranged and produced by Lachlan Rose

First we hear - Tiwi traditional call out - **I AM HERE!** Then, Tiwi and English casual talking
(Calista & Jacinta talk about all their kids & being together for generations.)

Verse

Running round on the beach bare feet in the sand

The sun on my face and the footy in my hand

Having a laugh with my family

Sharing stories making memories

Got the sun on my face and my dreams in my hands

English Chorus

Time to dare to dream

Hold on tight it's harder than it seems

We've got the power so lets begin, conquer the doubt we have within

The magic flows through me

I dare to dream

I dare to dream

I dare to dream

Tiwi Verse

Api wunungurumagi ngini wutawa (make you strong)

Karri wupangulumayi kali kali wurumi (when we walk then running together)

Gladys Rap

It's hard to succeed when the system wasn't made for me
The struggle is real can't you see
Or are you blinded by the differences between you and me
Different language different culture different history
We look up at the same stars, walk across the same land
Play on the same field but who's got the upper hand?

English / Tiwi Refrain

Ohhhhh oooohhhooohhhh

A culture so deep, a lot to comprehend

Awungarru kapi tingata (at the beach)

Api awarra apinganungurumayi (come together)

Chorus

Time to dare to dream

Hold on tight it's harder than it seems

We've got the power so let's begin, conquer the doubt we have within

The magic flows through me

I dare to dream

I dare to dream

I dare to dream

Tiwi Verse

Api wunungurumagi ngini wutawa (make you strong)

Karri wupangulumayi kali kali wurumi (walking then running together)

Api awarra apinganungurumayi (come together)

Ngini ngawa puanji ngarumu yiloga (we love football)
