

Types of angles

Classification		Diagram including the estimated angle size	Instructions to find the angle
Angles	e.g. right angle		On the path from H1 to H2 near the 3rd bush find the right angle made by two cracks in the concrete
	Acute		
	Obtuse		
	Right angle		
	Reflex		
	Revolution		

Angles	Straight line		
	Complementary		
	Supplementary		
Angles when two straight lines are crossed by a transversal	Corresponding		
	Alternate		
	Co-interior
