

Food Chains And Regenerative Farming

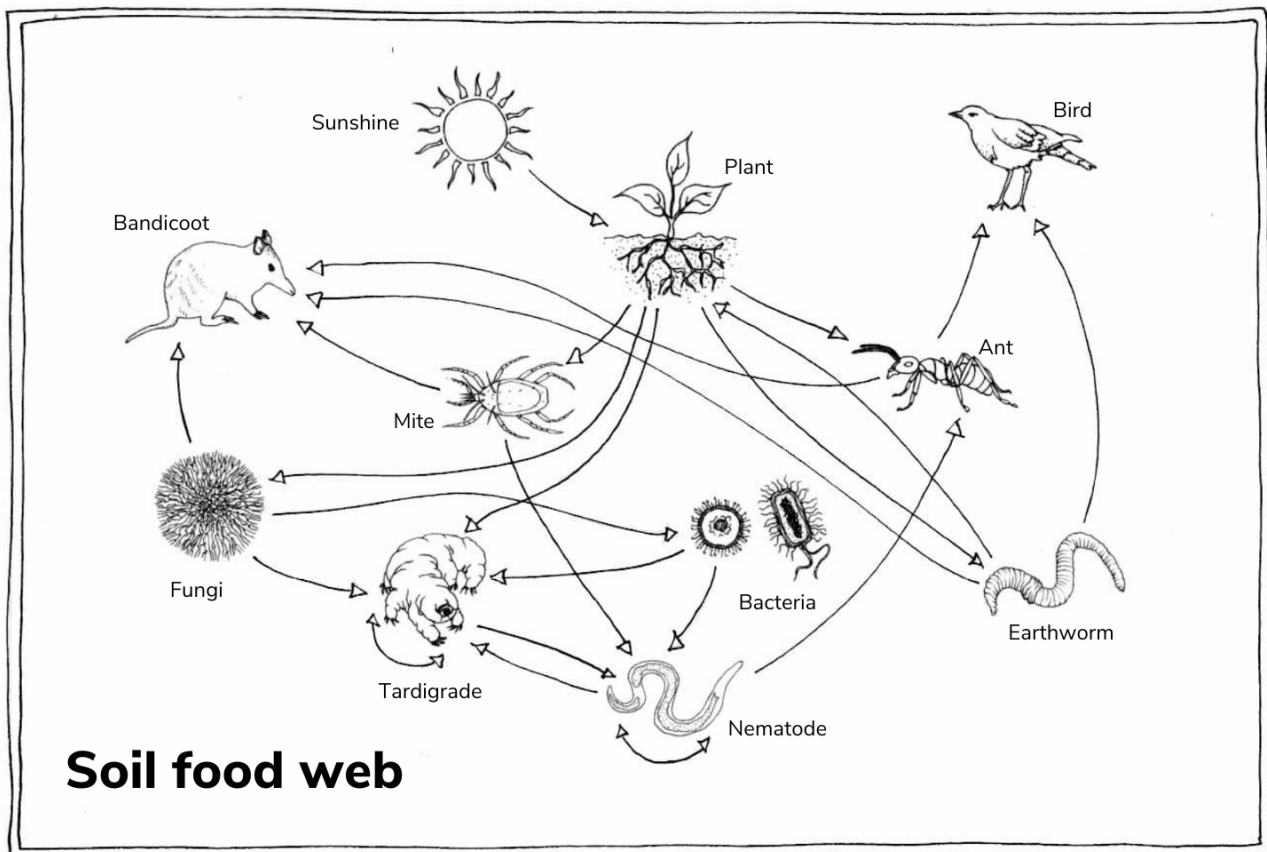

Name _____

Class _____

Student worksheet

1. Think-Pair-Share

Have a look at this image:

Record what you know about what is in this image in Column A of this table:

Column A - Initial thoughts	Column B - Changes to your initial ideas or new ideas

You can then team up with a classmate to share your initial thoughts. Discuss and compare your ideas and add any new ideas or changes that come up through your discussion. Add these to Column B of the table above.

2. Why is soil important to me?

Work in pairs to discuss the following question:

- why is soil important to me?

You should discuss their ideas together, but you should each record your own ideas in your own words on your own Worksheet.

These lessons have been created in partnership with
