

# Choose Your Own Adventure

## How to play

- Form groups of 6, collect a gameboard and create your own player tokens.
- Each time a question is revealed, all players must make a choice and announce it to the group.
- All players must move their token each time the outcomes are revealed.
- If a player lands on yellow, they can RAISE UP another player by gifting them 1 move forward. If a player reaches the final space on the board, they can continue playing by LEVELLING UP each time (from level 1 to level 2 and so on).

## QUESTION 1
