

### **Type of light - candle/fire**

What is this a picture of? What do you see?  
I wonder what type of light you can see in this picture?  
I wonder where this type of light comes from?  
I wonder if this light is hot or cold?  
I wonder how we can turn this light off?  
I wonder if this is a natural light? (This light would be considered a natural light.)

#### **Possible lines of extension:**

Fire safety  
Cooking with fire

### **Type of light - fire**

What is this a picture of? What do you see?  
I wonder what type of light you can see in this picture?  
I wonder where this type of light comes from?  
I wonder if this light is hot or cold?  
I wonder how we can turn this light off?  
I wonder if this is a natural light? (This light would be considered a natural light.)

#### **Possible lines of extension:**

Fire safety  
Cooking with fire

### **Type of light - torch**

What is this a picture of? What do you see?  
I wonder what type of light you can see in this picture?  
I wonder where this type of light comes from?  
I wonder if this light is hot or cold?  
I wonder how we can turn this light off?  
I wonder if this is a natural light? (This light would NOT be considered a natural light.)

#### **Possible lines of extension:**

Seeing at night (animals)  
Batteries - replace/recharge

### **Type of light - lightbulb**

What is this a picture of? What do you see?  
I wonder what type of light you can see in this picture?  
I wonder where this type of light comes from?  
I wonder if this light is hot or cold?  
I wonder how we can turn this light off?  
I wonder if this is a natural light? (This light would NOT be considered a natural light.)

#### **Possible lines of extension:**

What did people use before we had electricity? Candles, lanterns etc.  
Safety when touching bulbs (always let an adult do it)

### **Type of light - lightning**

What is this a picture of? What do you see?  
I wonder what type of light you can see in this picture?  
I wonder where this type of light comes from?  
I wonder if this light is hot or cold?  
I wonder how we can turn this light off?  
I wonder if this is a natural light? (This light would be considered a natural light.)

#### **Possible lines of extension:**

Other things you might see or hear in a storm  
Lightning starting fires/splitting trees  
Safety in a storm

### **Type of light - moon**

What is this a picture of? What do you see?  
I wonder what type of light you can see in this picture?  
I wonder where this type of light comes from?  
I wonder if this light is hot or cold?  
I wonder how we can turn this light off?  
I wonder if this is a natural light? (This light would be considered a natural light.)

#### **Possible lines of extension:**

Does anyone live on the moon? Why not?  
Cycles of the moon

### **Type of light - sun**

What is this a picture of? What do you see?  
I wonder what type of light you can see in this picture?  
I wonder where this type of light comes from?  
I wonder if this light is hot or cold?  
I wonder how we can turn this light off?  
I wonder if this is a natural light? (This light would be considered a natural light.)

#### **Possible lines of extension:**

Why do we need sunlight (plants need it for food/energy, we need it for warmth, we need a little bit for Vitamin D for strong bones)?

Sun safety

### **Type of light - car headlight**

What is this a picture of? What do you see?  
I wonder what type of light you can see in this picture?  
I wonder where this type of light comes from?  
I wonder if this light is hot or cold?  
I wonder how we can turn this light off?  
I wonder if this is a natural light? (This light would NOT be considered a natural light.)

#### **Possible lines of extension:**

Why do cars need headlights (so drivers can see where they are going and we can see them)?  
Road safety
